Your Loan's In Your Living Room

And in the kitchen, bedrooms, and basement. It's a home equity loan from Mile High Federal Credit Union.

As you build equity in your house, you're also building a low interest line of credit. The rates are low, and the loan's interest is usually tax deductible.* Use the money to build a garage, replace your old furnace, or pay for tuition.

Your low-interest line of credit could be as close as your kitchen. We are having a home equity special right now. It is **6.50% APR*(OAC*)** fixed loan for 5 years. Give us a call for more information about a home equity loan.

71 YEARS OF SERVICE

July 23rd was Mile High FCU's 71st annual dinner and meeting. Seventy-Three members and guests were in attendance to hear the Credit Union's financial report and have a nice dinner served by the Butte War Bonnet. Several cash prizes were given away, and three \$50 gift cards were also given away. Congratulations to our winners, and thank you, members, for your participation in your Credit Union's future.

A BIG thanks goes out to the Board of Directors for their volunteer commitment to the enhancement of our Credit Union!
