WANTED

YOUR USED VEHICLE LOAN

Bring in the paperwork on your loan from another financial institution, and if you qualify, we'll refinance your loan.

Chances are, we can save you money on your monthly payments over the life of the loan.

And the reason we can do this is simple. We work for you.

Unlike auto dealers' finance companies and other financial institutions, your Credit Union has your best interest in mind.

That translates into lower loan rates, better service, and offers like this one. Unlike the others, we want just one thing; to make sure you're getting the best deal possible.

Just think of it as the Credit Union edge against the competition. Even if you did see them first, see us now and save.
